

# Pneumonia Vaccination Information

- If you are 65 or older and have had any form of pneumonia vaccination you don't need the new Prevnar 20 as seen on TV.
- If you are 65 or older and have never had a pneumonia vaccination, then it is recommended you get the Prevnar 20 vaccination as seen on TV.
- If you are younger than 65 and have had a pneumonia vaccination, then you can get a Prevnar 20 vaccination when you turn 65.

Please call one of our clinics to schedule an appointment for your pneumonia vaccine.
